August 2019

Both our Montreal and Hammond Laboratories Migrate to ISO/IEC 17025-2017

Montreal, QC Canada and Hammond, IN USA - August 1st, 2019 - In accordance with the continuous improvement policy that we have been following since 1984, we are proud to announce that we have officially updated our ISO certification from ISO/IEC 17025-2005 to ISO/IEC 17025-2017 - see certificates below.

Therefore, all the tests performed on fuel, oil, coolant and grease at both our Montreal and Hammond Laboratories are now covered by this new international quality standard, the highest for laboratories, and we have upgraded all our lab procedures accordingly.

As stated by the International Organization for Standardization, "the new edition of the standard encompasses ... new ways of working of laboratories today. It covers technical changes, vocabulary and developments in IT techniques and takes into consideration the latest version of ISO 9001 on quality management..."

The new standard allows laboratories to implement a sound quality system and demonstrate that they are technically competent and able to produce valid and reliable results. ISO/IEC 17025 also helps facilitate cooperation between laboratories and other bodies by generating wider acceptance of results between countries. Test reports and certificates can be accepted from one country to another without the need for further testing, which, in turn, improves international trade."

Always eager to improve the quality of our testing services, both Tribologik Laboratories have been ISO accredited since their inception and we keep updating our certification to keep up with the highest quality standards.

See certificates next page.

**PERRY JOHNSON LABORATORY
ACCREDITATION, INC.**

Certificate of Accreditation

Perry Johnson Laboratory Accreditation, Inc. has assessed the Laboratory of:

Tribologik Corporation
1212 172nd Street, Hammond, IN 46324

(Hereinafter called the Organization) and hereby declares that Organization is accredited in accordance with the recognized International Standard:

ISO/IEC 17025:2017

This accreditation demonstrates technical competence for a defined scope and the operation of a laboratory quality management system (as outlined by the joint ISO-ILAC-IAF Communique dated April 2017):

Chemical Testing
(As detailed in the supplement)

Accreditation claims for such testing and/or calibration services shall only be made from addresses referenced within this certificate. This Accreditation is granted subject to the system rules governing the Accreditation referred to above, and the Organization hereby covenants with the Accreditation body's duty to observe and comply with the said rules.

For PJA:

	<i>Initial Accreditation Date:</i>	<i>Issue Date:</i>	<i>Expiration Date:</i>
	May 14, 2012	June 24, 2019	August 31, 2021
Tracy Stronach President/Operations Manager	<i>Accreditation No.:</i>	<i>Certificate No.:</i>	
	73850	L19-310-2	

Perry Johnson Laboratory Accreditation, Inc. (PJA)
755 W. Big Beaver, Suite 1325
Troy, Michigan 48064

The validity of this certificate is maintained through ongoing assessments based on a continuous accreditation cycle. The validity of this certificate should be confirmed through the PJA website: www.pjaia.com
